

**Welcome To Our Exciting World of
Certified Nursing Assistant & Home Health Aide**

Education is the foundation to acquiring excellent skill sets, which create great opportunities that lead to better success.

At Edward Medical Training Center we strive to deliver a quality educational foundation and skill set to make you become a skilled nursing assistant and home health aide.

Our CNA and Home Health Aide programs gives each individual the opportunity to enhance their skills and talents to attain great height. The curriculum is developed to allow personal growth for each student to meet the needs of the community at large.

At the completion of this program our students will be able to acquire the skills necessary to challenge and pass the board certification exams.

**CERTIFIED NURSING ASSISTANT TRAINING
(CNA)**

The CNA course consists of 50 hours of theoretical classes and 100 hours of supervised clinical training in an accredited Long Term Care facility. The course utilizes the NATAP approved curriculum, and is taught by licensed nurses approved by the Department of Health Services and Board of Nursing Education.

Day classes takes approximately 20 days and evening and weekend classes takes approximately 29 days. Upon a successful completion of the course, each student will be qualified to take a Board Exam to become a Certified Nursing Assistant (CNA). The course provides specialized training on role of the Nursing Assistant towards caring for residents in long term caring centers and rehabilitative facilities.
